

Understanding Children's Behaviour

We believe that there is no such thing as the perfect parent, but also that there is no such thing as the perfect child!

Would you like to be able to understand your child better?

Does being a parent feel like the most difficult job in the world sometimes?

Would you like to find out more about...

- Children's Development
- Why children behave the way they do
- Effective ways to deal with different types of behaviour

If so come along and learn some survival tips with fellow parents – we're all in it together!

Our courses run for 2 hours a week for 6 weeks.
