Thursday	12.30 - 1.00	Scripture Union	P7	Chaplaincy Team
Friday	12.30 - 1.00	Football	P7	Mrs Paterson

**Spittal Castle Nurture Group.**

We were very fortunate to receive a grant from Clyde Gateway to help set up a nurture room. The grant has enabled us to access staff training on Nurture - Nurturing Principles and to purchase essential resources for the room. A small group of children from P1, P2 and P3 are now attending our Nurture Room which they have decided to call Spittal Castle. The children work with Mr Miller (PT ) and Mrs Wright (School Support Assistant) every morning from 9.15 - 10.30. on a variety of activities. We look forward to seeing the positive impact this initiative will have on the children's learning and wellbeing.

All staff will be looking at Whole School Nurturing Approaches at the In service day in February.

**Hot Chocolate Homework Club**

Just a reminder that our Parent/ Child Homework Club is on every Monday 3pm. All children are welcome to bring a parent to homework club where a teacher will be on hand to help with any homework issues. A great opportunity to get the week's homework done in a stress free way!

**Spare Items of uniform.**

In school we keep a small stock of trousers, polo shirts and sweatshirts in case of children needing a change of clothes due to an accident etc.

We are running really low at the moment and would really appreciate any donations of skirts/ trousers in smaller sizes. Thanks

**Playground Development**

Burnside Primary School will be moving from the decant in the old Spittal building to their new school building at the end of March. When they have moved out the contractors will begin working on the building to prepare it for demolition. Once the building is demolished the work on our new playground can begin!

There will be a full size football pitch and there is scope for our school community to contribute to the plan for the school grounds. At the moment we are looking at the plans for the grounds and are speaking with the children and staff to gather their thoughts and ideas of what they would like in the grounds and what could enhance the learning and teaching. We value your opinion and would like to hear of any suggestions you may have for the development of the grounds. Please complete the tear off slip if you have any suggestions or opinions or feel free to contact the school if you wish to discuss the development further.

We will keep you updated on any progress or updates.

**Spittal Primary Playground Development Parent Suggestions Jan 2017**

**My suggestions for ways in which to improve and develop the playground and school grounds are:**
